

# EIRS Users Manual

revised July 2004

---

- Sponsored by: W.R. Lanouette & Ron Fuller
- Program Written by: Leonard Sherman
- System manual & design by: Phyllis Cooper
- Special thanks to BNB Electric Inc of Centralia

## A little bit about the system.

---

- Provides you with the ability to request inspections.
- Cancel inspection requests.
- View the status of your request.
- View inspection results.
- View and print inspection history.
- View and print or reprint your permit

# Login to the system:

---

- When you apply for access to EIRS, you will be given a login ID and password by the enrollment coordinator.
- Go to the electrical homepage at:  
[www.Lni.wa.gov/tradeslicensing/electrical](http://www.Lni.wa.gov/tradeslicensing/electrical).
- click on EIRS button located in the left hand margin.
- Click on the underscored statement:
  - [Electrical Inspection Request Service EIRS](#)

# Select link to login

Electrical Inspection Requests Online

**Already enrolled? Click here to go to:  
Electrical Inspection Request System (EIRS)**

The electrical program offers contractors a way to request permit-based inspections and check their status over the Internet. This new system also provides the ability for enrolled contractors to cancel and reschedule their inspections.

The Electrical Inspection Request Service (EIRS) fully automates the state's electrical inspection request process and is intended to eventually replace the current voice mail system.

- It provides 24-hour electronic access to active permits and inspection schedules.
- EIRS also allows these customers to quickly find and select their permit(s) and request an inspection.
- It is secure: enrolled contractors are restricted to viewing only the permits owned by them.

This service is provided free to contractors and customers who enroll. It requires only that the customer have access to the Internet.

**How can you enroll?**

Contractors need to apply to enroll in the program by completing the application form and contract. The form is available at all [L&I field offices](#) or by clicking on the following links to download and print the application:

- [F500-054-000](#) for non-contractors wishing to use this service.
- [F500-055-000](#) for contractors.

The contract and application must be signed by a principal in the business of record with the department. When the application is processed the contractor is provided a login identification and password to access the site.

Local intranet

**Click on Change Password  
(this will change your password  
for both EIRS and iPEP)**

Your are asked to enter your current user ID and Password

A screenshot of a Windows login dialog box titled "Connect to wws2.wa.gov". The dialog box has a blue header bar with a key icon on the left and a question mark and close button on the right. Below the header, there is a "Password" label. Underneath, there are two input fields: "User name:" with a dropdown arrow and a "Password:" with a text box. Below these fields is a checkbox labeled "Remember my password". At the bottom right, there are two buttons: "OK" and "Cancel".

Enter your user name and  
Current password, then  
Click OK

Enter your password again, then your new password twice
